

IT'S TIME TO CONQUER THAT BODY YOU'VE BEEN AFTER

BROPHY'S

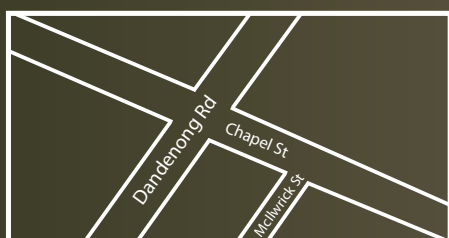

Transform the body
Transform the mind

Have you ever noticed how many gyms are more interested in their image than yours?

It might be fun at first to be seen at the latest and greatest but have any of them actually helped you achieve the results you've been looking for? You work hard.

You deserve those results. We at Brophy's are here to show you how.

Okay, we agree attention to detail is important.

But stunning 'Ikebana' on the reception desk and flashy unusable equipment isn't going to do much for your body.

We're about providing a vibrant, supportive and personal environment with the best staff and the right equipment.

This combination is designed to give you the opportunity to understand your body and develop in ways you never thought possible. So if you're sick of the show pony gyms get on top of things at Brophy's.
